

Embark on an Avian Adventure: Bird Watching Tours of India with Exotic India Tours

India, a land of vibrant culture, ancient history, and breathtaking landscapes, is also a paradise for bird enthusiasts. With over 1300 species calling the subcontinent home, India boasts a diverse avian tapestry, from the majestic Himalayan Griffon soaring over snow-capped peaks to the vibrantly colored Nilgiri Trogon flitting through the lush Western Ghats. At Exotic India Tours, we curate unforgettable bird watching tours designed to unveil the wonders of India's feathered residents.

Our expertly crafted itineraries take you on a journey through a kaleidoscope of habitats. Explore the verdant jungles of Assam, where the endangered Great Hornbill and the elusive Bengal Florican reside. Glide through the tranquil backwaters of Kerala, a haven for kingfishers, egrets, and darters. Trek through the misty hills of the Western Ghats, where endemic birds like the Indian Pitta and the Malabar Laughingthrush dazzle with their unique calls and plumage.

Unparalleled Experiences:

- **Expert Guidance:** Our tours are led by experienced birding guides with a deep understanding of Indian avifauna. Their knowledge of bird calls, behaviors, and preferred habitats will ensure you maximize your sightings.
- **Diverse Destinations:** We offer tours encompassing the length and breadth of India, from the lofty Himalayan ranges to the tropical forests of the south. Each region boasts its own distinct birdlife, offering an unparalleled birding experience.
- **Comfortable Accommodation:** Relax and recharge in comfortable accommodations nestled amidst nature. Our hotels and lodges are strategically located near prime birding areas, allowing for early morning starts and maximizing your birding time.
- **Responsible Tourism:** We are committed to responsible tourism practices that minimize our impact on the environment and support local communities.

A Glimpse into Our Tours:

- **The Himalayan Tapestry:** Witness the spectacle of high-altitude birds like the Himalayan Monal and the Blood Pheasant against the backdrop of the majestic Himalayas. Our tours in Uttarakhand and Ladakh offer breathtaking scenery alongside opportunities to spot rare and elusive birds.
- **Southern Sojourn:** Immerse yourself in the rich biodiversity of South India. Explore the Western Ghats, home to endemic species like the Nilgiri Woodpigeon and the Sri Lanka Frogmouth. Glide through the backwaters of Kerala, a haven for waterbirds, or venture into the mangroves of Sundarbans, where the elusive Masked Finfoot and the majestic Royal Bengal Tiger co-exist.
- **Northeastern Enchantment:** Discover the hidden treasures of Northeast India. Explore the rainforests of Arunachal Pradesh, a haven for hornbills, pheasants, and the endangered Bengal Florican. Navigate the tranquil waters of Kaziranga National Park, a

UNESCO World Heritage Site, and spot the elusive Indian Rhinoceros alongside a plethora of birdlife.

Beyond Bird Watching:

Our tours are designed to provide a holistic experience of India. While birding takes center stage, we also incorporate cultural experiences, allowing you to delve into the rich tapestry of Indian life. Visit magnificent temples, witness traditional dance performances, and interact with local communities, creating a truly unforgettable experience.
