The Exhibition Stand Builder & Design Company in Cologne You Need To Make An Impact

Booth Vision has a proven track record in helping global brands make a lasting impact at Cologne exhibitions. Our diverse portfolio speaks for our expertise and ability. We have worked with national and international clients across major industries. As an experienced **exhibition stand design & booth builder company Cologne**, Booth Vision creates out-of-the-box designs. Our 3D design team is proficient in understanding your needs thoroughly and producing designs to fulfil them. Whether you require a minimal stand or a grand double-decker stand, you can trust Booth Vision to deliver it.

We make your stands more engaging and attractive by adding interactive elements like audio-visuals, touchscreens, animated graphics, and much more. Whether you have a small or a large space, our team knows how to make the most of it. Additionally, Booth Vision builds stands that are not only visually appealing but structurally strong as well. We only source the highest-quality materials to build our exhibition stands. From the flooring to the ceiling, everything is built to endure the harsh exhibition environments. Choosing Booth Vision as an **exhibition stand builder & design company in Cologne** will guarantee you the best value for your money.

We Are Your Exhibiting Partner, From Start to End

Booth Vision remains by your side until after the exhibition is over. Our comprehensive services go beyond designing and building stands. To allow our clients an easy experience, we provide shipping and logistics services. Once the stand is fabricated at our manufacturing unit, our logistics team gets into action. The team ensures the stand is packed with care. Once the stand reaches the exhibition venue, our on-site team takes the responsibility of setting it up on time. The team assembles each component, graphics, counters, lighting, and furniture. Our team is also capable of carrying out any last-minute changes and modifications.

Our support extends throughout the exhibition. Our on-site team is available anytime to assist you. With us by your side, you don't have to worry about dismantling your stand. Once the exhibition concludes, our team will execute a quick and careful dismantling of your stand. We also offer storage facilities, ensuring your stand remains in prime condition for future use. When you need an **exhibition stand design & booth construction company in Cologne** for end-to-end support, remember Booth Vision.

Booth Vision is
the go-to

User friendly

A modular exhibit stand system like the Mod-U-Lok offers the most user-friendly and hassle-free way to build an exhibit stand.

Reusable and environmentally friendly

Build reusable modular exhibition stands. Increased usage makes our modular stand a greener option.

Feasible storage

After use, the display stand will be dismantled and stored in our warehouse. We can redesign it for a new exhibition.

place for the modular portable display stand

A global innovator in the design and production of modular display solutions is Booth Vision. Simply swap out the images to get a completely new display whenever you want a different appearance. Whether in the UK or in Europe, our amiable and knowledgeable team will maximize your presence and support the success of your stand. Different types of show graphics are available for our modular exhibition stand systems. It features vinyl graphic panels with magnetic tape-mounted silicon beading and tension fabric graphics with or without LED light boxes. Additionally, we provide portable displays, pop-up stands, and reusable modular exhibition systems. You provide us with the details of when and where, and the rest is up to an impeccable selection of modular exhibition stands.

Save money

The use of lightweight materials for modular exhibition stands saves transportation and labor costs.

Simple to travel and store

Pre-built structures are expensive, difficult logistically to move between shows, and environmentally damaging.

Flexible

One of the major features and advantages of modular exhibition stand design is its flexibility.
