Mustard Seeds Exported from India

Mustard seeds are small, round seeds procured from the mustard plants. The seeds are usually about 1 to 2 mm in diameter. They are usually black, brown, or white. Mustard seeds are an important part of many cuisines around the world. These seeds are extracted from three plants; black mustard (*Brassica nigra*), brown mustard (*B. juncea*), or white mustard (*Sinapis alba*).

Mustard seeds are grown in many countries. Major producers include India, Pakistan, Canada, Nepal, Hungary, Great Britain and the United States. Besides their flavour, these seeds also have health benefits. Trade Pros brings to you the finest mustard seeds grown in various regions of India. We prioritize product quality, hygienic processing and packing.

As one of the top mustard seeds spices exporters in India, Trade Pros ensure that each seed reaches you whole, clean, and brimming with flavour. Place your order now through our website.
